Who Says It's Not Easy Being Green?

Green is our school color, and we wear it with pride, but every now and then it's nice to mix it up a bit! Dances, assemblies, dress-down days and other special events are all times when we get to wear all the colors of the rainbow.

Sometimes, the whole school seems like one big sea of green. But check out these pictures which prove our school is anything but monotonous!

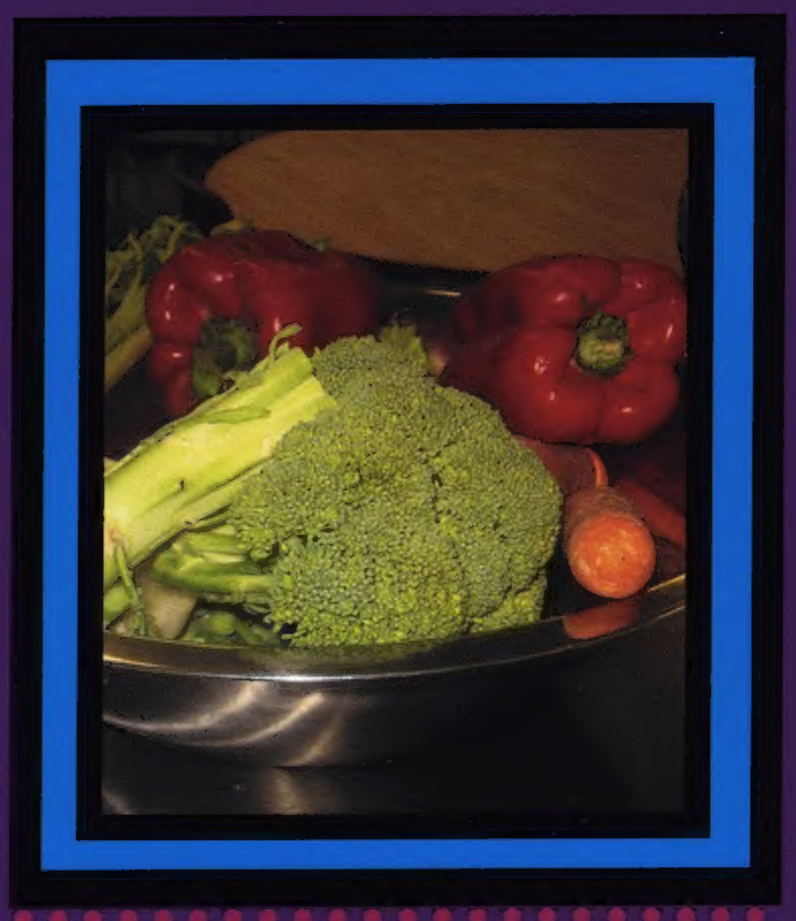

We bet you've never seen the swimming pool looking so calm!

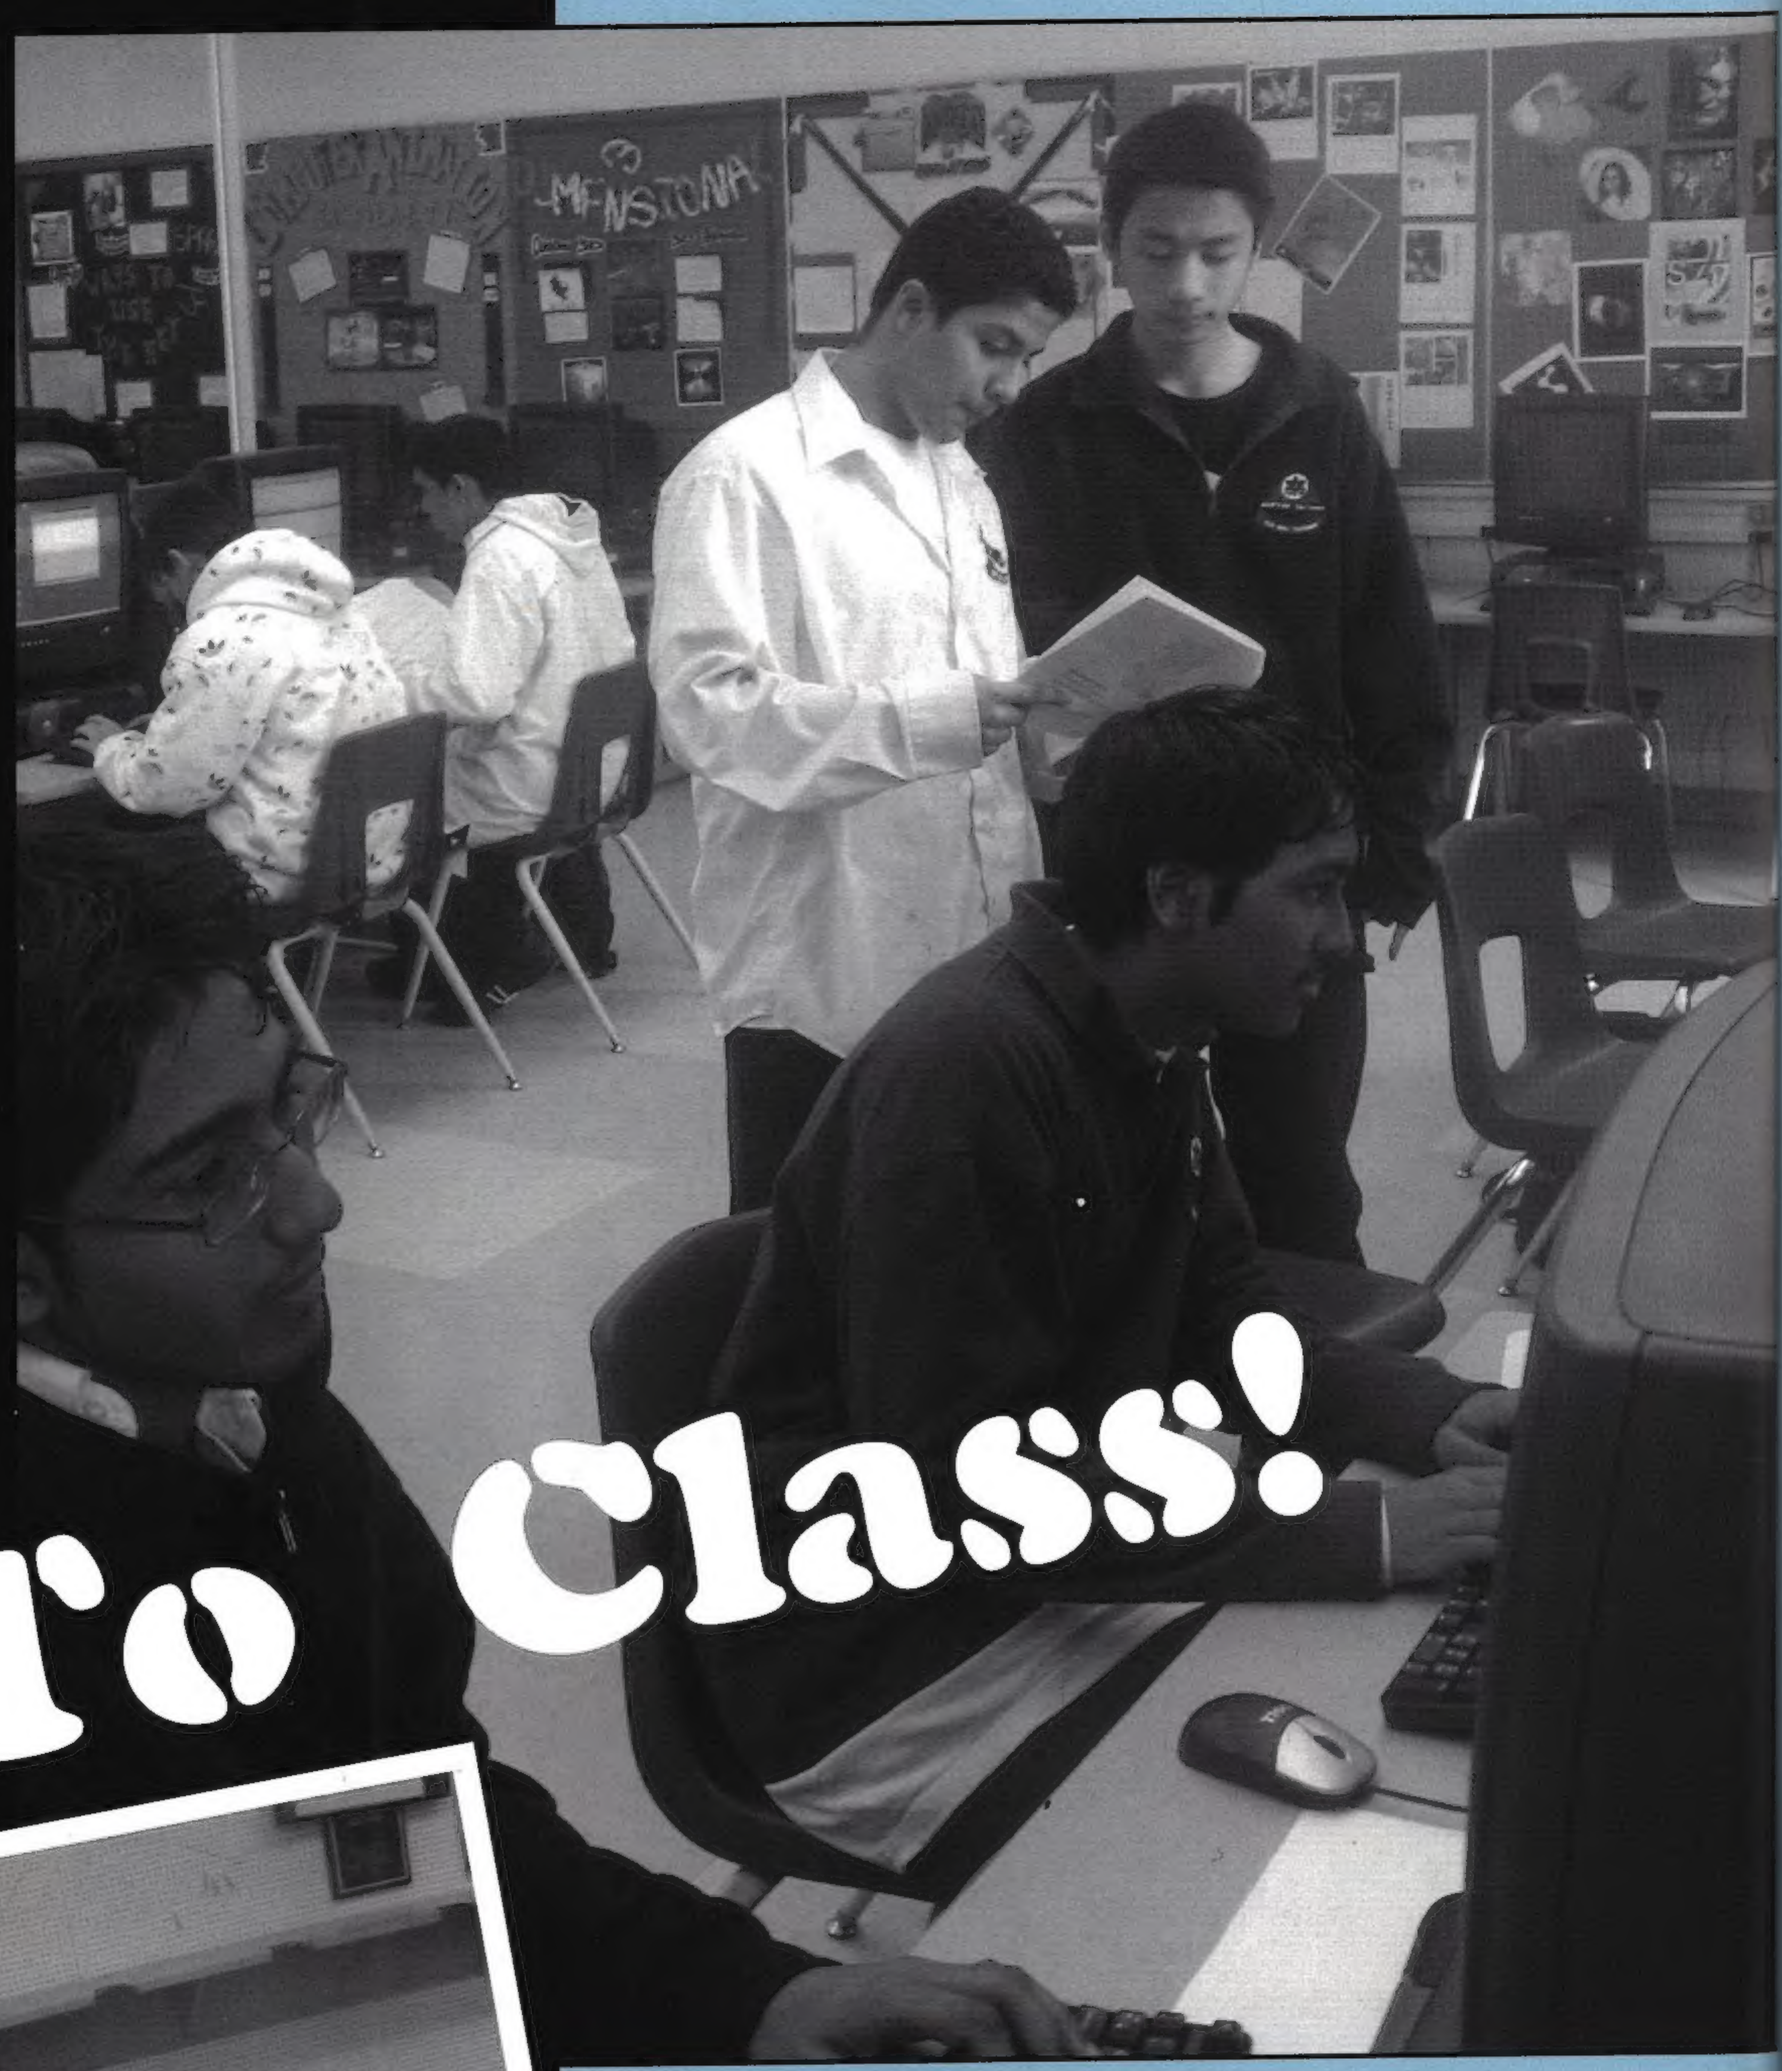

Even the lecture theatre is colorful if you know where to look!

Autumn leaves in the courtyard...

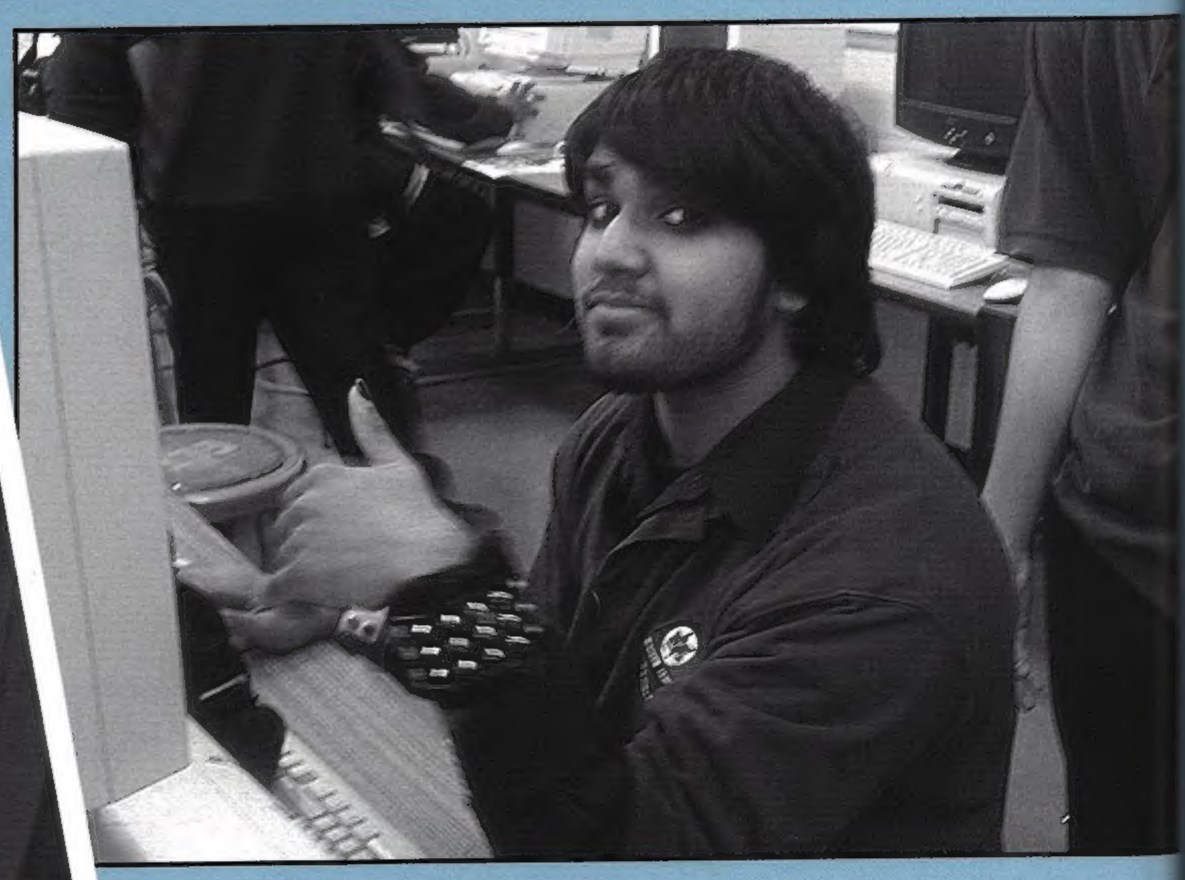

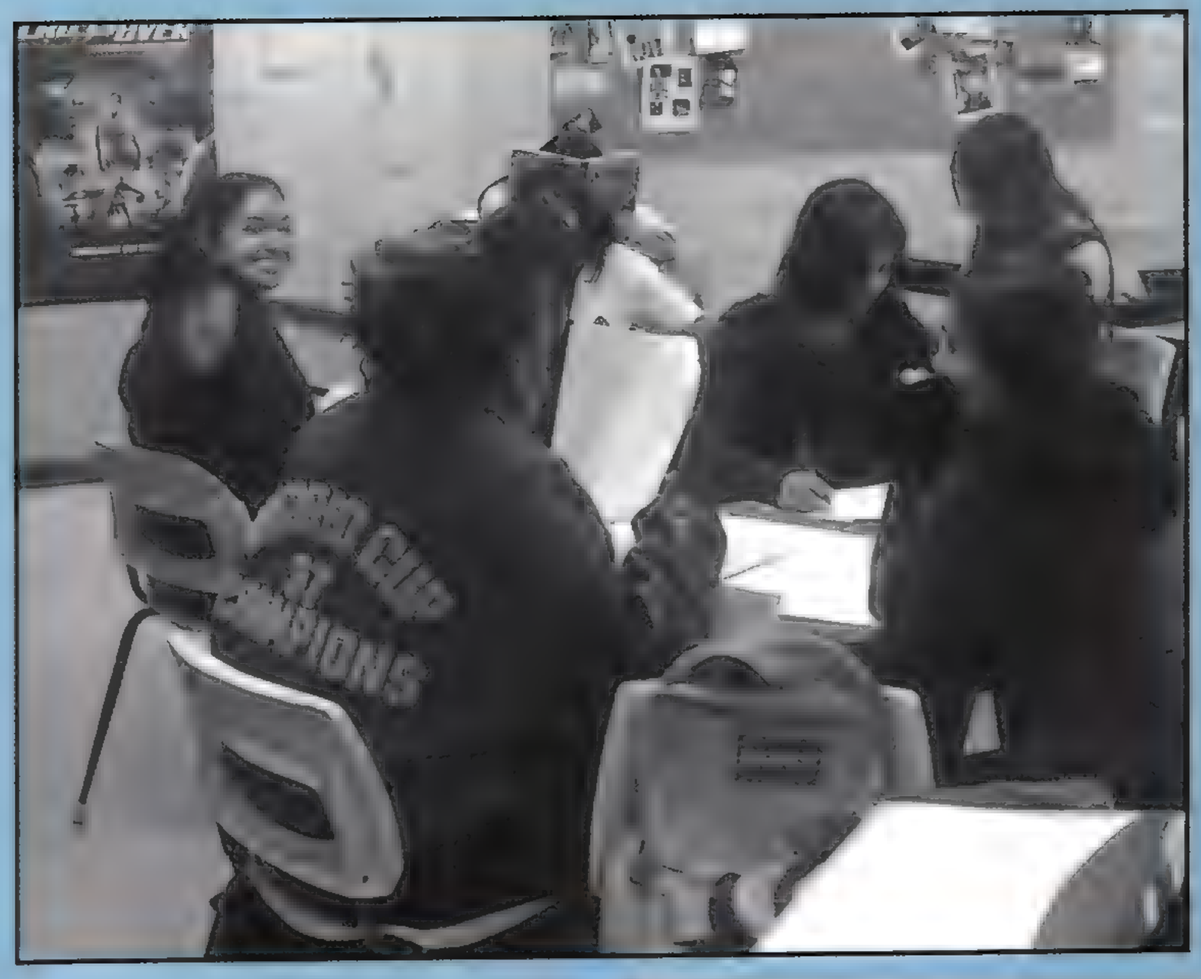

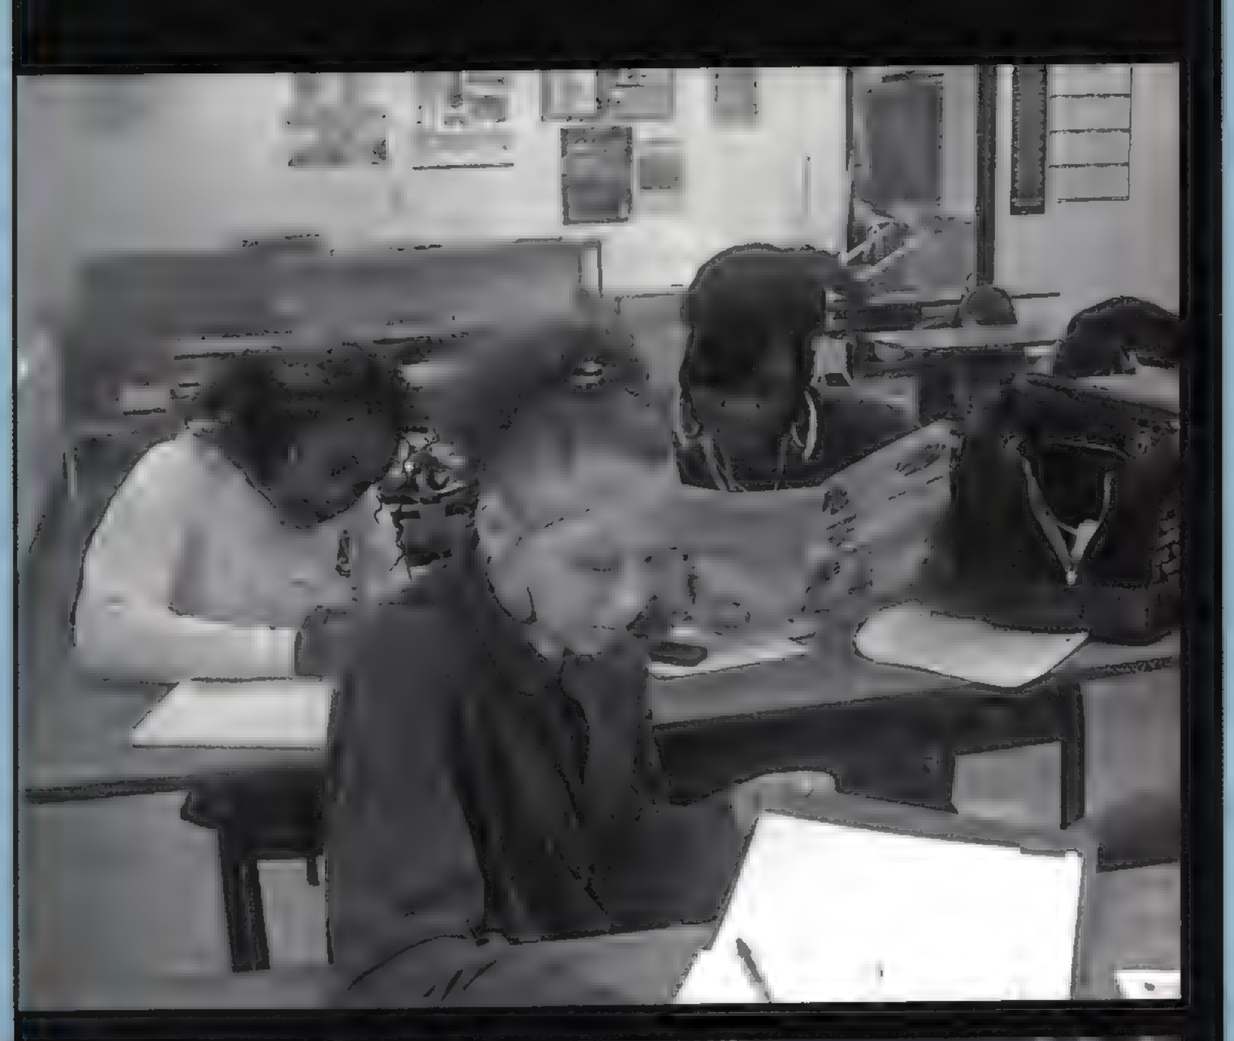

Get To Class!

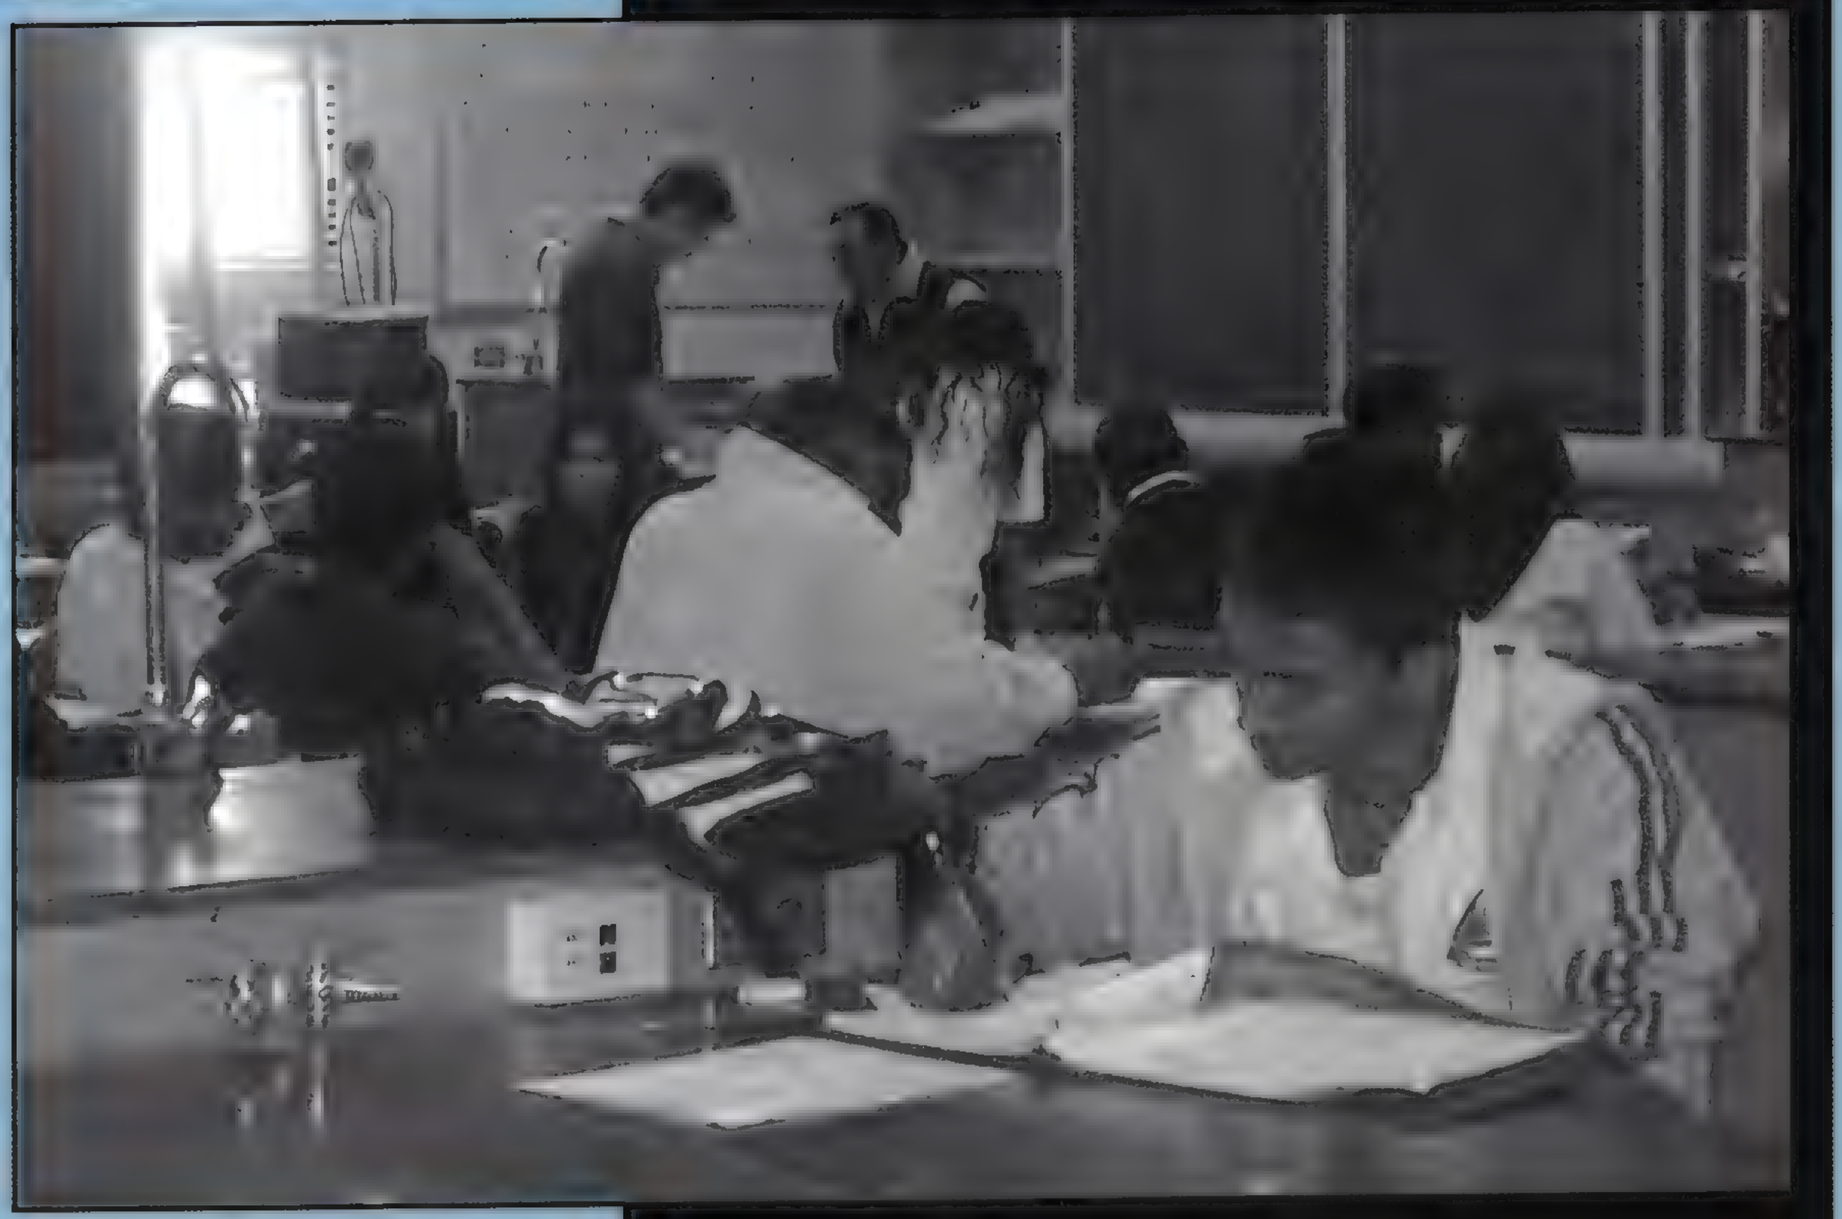

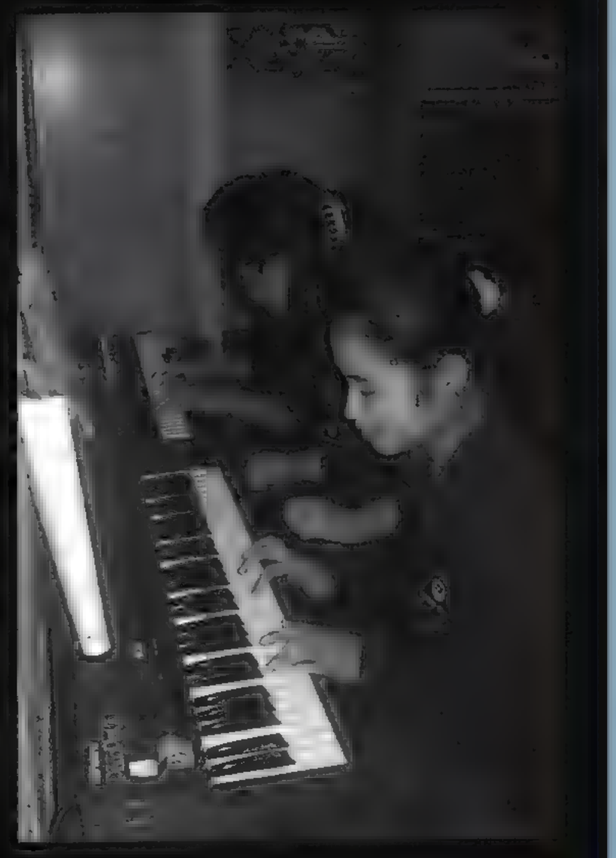

WECLOME TO

We all know that starting Grade 9 can be a a bit of a shock! Just two months ago, you ruled your school. Now you're desperately trying to find room 127 (HINT: It's not anywhere near room 126 or 128) and something called "PPC", all the while trying to appear as though you know what you're doing.

To try to take some of the edge off that dreaded first day, student leaders and teachers at Westview hosted a day of silly games, team building and tasty barbeque! Students had a chance to get a tour of the school, meet their teachers, and say goodbye to summer.

Well, at least you don't have to worry about what to wear on the first day. That Westview uniform's got you covered!

Poetry
The Power to Speak

By Arti Munsami

As a poet, I find it quite simple to express myself on paper. I started writing poetry when I was twelve years old after going through personal problems. I was also inspired by a poet by the name of Dwayne Morgan. After meeting Mr. Morgan, I figured out that the best way to express one's feelings is to write it all down; and that's when I started writing poetry.

Westview has many talented poets. They choose to express themselves this way because sometimes they feel like they can't talk to anyone about their problems and their experiences. The students that were interviewed were too shy to have their names revealed. One Westview student states, "It's cool and it's a nice way of expressing your feelings." Another student said, "I am not good at writing poetry but I like reading them." You don't have to know how to write poems in order to enjoy it, you can just sit down and read other people's literature. "I like reading poems because they are nice," commented one student. Some people just seem to write poetry when they are bored, in love, sad, or even when they are angry, depending on their mood. Keion Donegan says "I think that poetry should mainly be for romance because poems are mostly sweet." Another classmate, Latoya Simpson says "I've written poetry for seven years now, it helps me a lot to express myself."

More people should start writing poetry, ESPECIALLY teenagers. They tend to be stressed because of school, work, relationships, and family, and they sometimes choose the wrong ways of dealing with the stress. Writing it on a piece of paper is a safe, easy, and legal way of coping or easing the stress that they may face.

The 1st Storm

Rajive Ganesh

As the men began to run from the storms that looked like hell over earth

The clouds turned black and roared like a pack of hungry lions
all of their lives were reduced to dust as they hid in fear
for their existence was becoming nothing anymore

oohs and aaahs were all the town heard as lighting
struck like lumber jacks

They waited and waited for days to pass for they
had never been through this before no
time was wasted, patiently lay wait
as the sun came out they prayed
out loud and they can sleep
in quiet as the land of peace
is once again quiet like a
silent autumn lake

Gone But Not Forgotten

Arti Munsami

Now you're laid to rest
In a peaceful place
Where there's no hassel
Or any struggles
And where everyone knows
You're watching over them.
You're now our guardian angel,
Which seeks peace for everyone.
We are blessed to say we knew you
And we're glad to say
You will never be forgotten.
You touched us in your own ways
And made a ddifference in our lives.
Theer is no way to pay you back for all that you did,
But thanking God for your 18 years that you lived.
It was a pleasure knowing you
Throughout the years.
So the friendship we had
Shall remain until the day
We meet again up in Heaven.
We love you and miss you!
You're gone but definately not forgotten!
Goodbye for now...
R.I.P. ALWYN PRINCE BARRY!

Poetry

Jody-Ann Howell

The words are more than lyrical
The meaning runs deep, it's spiritual
The writing becomes habitual
It's all a prayer for a miracle

Because writing is my therapy
Can't express myself verbally
So I do it with a pen and pad
Telling about the good and bad

Adrenaline rushing through my veins
Paper soaking up all the tears of my pain
Little marks, scratches, rips in the paper
I feel like I'llcontinue this later...

A Toast

Shanaz Mohammed

Raise your glass to the sky
With hopes and dreams held high.
To graduates I toast...

Here's to the friends we've lost and gained,
And the people we'll never know by name.
To the bonds that we've made and albums we filled,
Memories that may fade but never be killed.

Here's to proms and dances,
And high-- school romances.
To homecoming games,
With all the wins in our name.

Here's to the late nights we've spent cramming for tests,
And mornings where coffee made up for our rest.
To the dances and events we took months to create,
The night before worries that came too late.

So now it is time to place our glasses down,
Put our caps on and turn our tassels around.
Listen for our names and let them echo through,
And realize how fast these four years just flew.

Life As It Is

Samantha Sharma

Life as it is
A state of matter
A circular motion
Going round and round beyond anyone's bound

Life as it is
Thrilling to the fullest
Grieving the next minute
Exciting to the top
A misery soon after

Life as it is
BOOM!! BOOM!! BOOM!!
Death, crimes and bombs
Ha...Ha...Ha...
Births, parties, and other hooplas
That's life

At first school, marks and education
Then the jobs and other relations
Later the stress of seniority
Then death

So live-life to the fullest
Tomorrow's not a promise
Life is full of strange surprises
You could be alive one day and dead the next
That's life what it is!!!

Chalkfarm

Roy Khan

The buildings and the houses separate two groups
The less fortunate and the more fortunate
But like the buildings it reminds us to aim for the sky
In everything we do
After school the basketball court is ambushed with children and adults
Improve on techniques and our jumpshots, lay-ups and dunks,
And that dunk leap can probably land us in college or university,
But the other people would prefer to miss out on this and be back when we're gone.
Why do these two groups have to be at the park at different times?
Innocent kids and their parents don't commit vicious crimes.
We should get along and spend some time
We might just find some similarities
And learn to live in prosperity

The Ambiguity of Winter

Charmaine Sukhdeo

I am winter
Perhaps barbarous and cruel
But I am also winter
Abiding by the rule
I am the sharp howling wind
That slashes like a sword
Shredding your clothes to tatters
Causing you to cry "Oh Lord!"
I am the threatening sleet
And the rock solid hail
Pelting so forcefully
Like a hammer to a nail
I am also the naughty snow
That creeps slyly into your shoe
But I am also the fluffy snow
In that ball you once threw
I am also the friendly little flakes
That kiss your cheeks "hello"
And what else would have cushioned your weary feet
If not the soft fleece blanket of albino winter snow
So before you judge me
Let me interrogate thee
If being cruel is the rule
Then that is how it'll be

TRACK STAR

Delano Fearon

Track
The love of my life
The wind in my hair
Hearing the people cheering on for me
Seeing what I'm heading for
The emotion in my head going on
The goal to achieve the finish line
The motivation risk
The determination to be number 1
To be the best
To be the king of the world
That's why I'm on the track
To be on the map

November 26-29, 2007

Spirit Week is Westview's cure for the November blahs... a whole week of fun themes like Pyjama Day, Sunglasses Day, Hat day, and Teddy Bear day. We also got to see our friends in a new way as they took to the stage for singing, dancing and eating contests. It was all leading up to the ever popular DRESS DOWN DAY! For many people, the chance to wear whatever they want means that Dress Down Day is really more like Dress UP day.
This year, we also had an 80s retro theme, which set the stage for the retro 80s dance on Thursday night, followed by a PD day. A much needed break after all the craziness of Spirit Week!

HOW WE MOVE

Performing Arts Assembly
December 19 - 21, 2007

Dance,drama,music... for many it's just a type of entertainment but for the ones who are actually performing, it's a whole different story. It is a way they can express themselves and their creativity. Some may prefer visual arts, however many students prefer the performing arts courses that Westview offers. "With performing arts you get to do what you enjoy and at the same time share your passion with everyone performing." says Inshaan Ali Mohammed. The big question is: with performing arts, do you not get nervous?! "I love to dance because it's my favourite thing to do and I can express myself by using the type of music. I used to be shy when I first took dance class in grade 10, but now I don't have to be shy anymore, I just like to show what I got," says Lotoya. Simpson. And Billy Kham says "Well, when you have such a passion for something or you just plain enjoy it, you just do it! Don't care what other people think, that's why I'm never nervous." Performing Arts allows you to move around and improvise, have fun with it, so as they say ...Break a leg!

Best Friends

During the year I've spent at Westview, I've noticed that there are a lot of friends at this school. There are almost too many to talk about. In this school students all hang around different kinds of people no matter what race you are. In this school I really noticed that everyone can be friendly and nice once you get to know them.They don't discourage somebody because of what they look like, or what their background is. Instead they take their time to get to know who the person you really are and not what your race is.

What is a best friend? To be honest I really think a best friend is a person that is always there for you without any costs. Best friends are people that are with you through good times and bad times. They always know when you're upset about something, they always try and find someway to cheer you up.

To have a best friend, you have to be a person they can trust, you've got to show a positive attitude and you also have to be honest. Westview students hate "Backstabbers".

"It's hard to find best friends these days, but you just gotta live with it" Lotoya Simpson says. Friends come and go, but true friends always will stay.

BORN TO WIN

VARSITY BOYS' SOCCER

It all began on the last hot and humid week in August. Yes, that's right, almost a full two weeks before school even commenced, the varsity boys soccer team started their vigorous training for the long road ahead. Led by head coach **Peter Banhan** and captain **Perry Akenten**, the team was destined for a long, successful season.

Practicing hard for almost a month, it wasn't too far into September when the boys had their first exhibition game against **Sir Sandford Fleming**, beating them **4-2**. With obvious signs of things that needed to be worked on, the team took all the criticism, and brought it into the first official game of the 2007-2008 season against **Nelson A. Boylen.** The team came out extremely hard and played as if they had something to prove; they routed Boylen to a **4-0** win. The result of the first game was a sign of things to come: they had an astonishing season record of 9 wins, 1 tie, and 0 losses, scoring 33 goals and only allowing 6 goals against. Coach Banhan stated that "accountability, hard work, and commitment to excellence" was the secret to this year's success.

Defence was the team's reason for making it as far as they did. The young guns stepped up and showed that age doesn't matter in the game of soccer, and the boys at the back played a solid defensive game each day they were put to the test. **Cory Fender**, **Rowan Starr**, **Leeroy Philli**, **Jenry Grant**, and **Tariq Chin** were always there when the going got tough, and when the tough got going, goalkeeper **Luigi Caruso** was making the crucial save. Goalscoring was also a huge part in the success this year, coming from almost everyone on the team. Leading goalscorers were **Perry Akenten** (14), **Marron Osei-Bonsu**(6), **Kayode Fatoba**, **David Oduro**, **Phat Nguyen**, and **Otibu Darko** all with (2), and **Mahad Mohammed**, **David Yesaya**, **Emmanuel Oppong**, and **Kennedy Okyere** with (1).

The boys absolutely dominated the playoffs, thrashing Downsview in a **6-1** win. The boys' semi-final win against **York Mills** gave them a ticket to the finals against another undefeated team, **Victoria Park**. This was in fact, the biggest game of most of the players' lives, and they felt right at home as almost 200 **Westview** students came out to support the team.

At the beginning of the game **Westview** looked shaky as **Victoria Park** had many early chances but could not capitalize; fortunately, **Perry Akenten** took things into his own hands, scoring the only goal in the first 45 minutes, giving his team the lead at the end of the first half. **Marron Osei-Bonsu** had also scored but was called offside. The second half was one of the most intense of the season. Key saves, strong defence, a tight midfield, and a two clutch goals by **Perry Akenten**, led the boys to **TDSSAA NORTH REGION CHAMPIONSHIP.** *(continued below)*

Back Row: Rowan Starr, David Oduro, Marron Osei-Bonsu, Kennedy Okyere, Kayode Fatoba, Mahad Mohamed, Cory Fender, Perry Akenten *Front Row:* Gaspar Caruso, Emmanuel Oluwatusin, Phat Nguyen, Luigi Caruso, Jenry Grant, Tariq Chin, Leeroy Philli *Absent:* Otibu Darko, Emmanuel Oppong, David Yesaya

With this crucial win, **Westview** qualified for the greatly anticipated Toronto City Championships in May 2008. A win in this qualifier would send the boys to every high school athlete's dream, **OFSAA.** Dedicated head coach **Peter Banhan** commented on the long wait until the city finals and **OFSAA**: "We are at a serious disadvantage, however, our desire to win makes us a force to reckon with". He also said that he was a very "proud" man at the end of the spring season because "it took a lot for the guys to become a ***TEAM*** ". Captain **Perry Akenten** added, "We would have to sacrifice many things such as girlfriends, parties, extra-curricular activities, and much more in order for us to improve our individual skills, understand our teammates and team concepts. This will all be important in the process of bringing home the city and OFSAA championships". All in all, regardless of the outcome in May, the varsity boys soccer team did an amazing job this year and should be very proud of all their accomplishments in 2007-2008.

Lift Every Voice

African Heritage Assembly
February 28 and 29, 2008

Even when the wind is howling and the snow is forming small mountains in the parking lot, inside Westview, February is always a fun and eventful month. Why? Because it's during February that we celebrate the heritage, culture and history of people of African descent.

The month leads up to two assemblies for the whole school, where students, community groups and guest speakers all come together to teach us that African history is everyone's history.

1. Maame Boateng recites a poem 2. Akim Burke in August Wilson's *Ma Rainey* 3. More cast members of *Ma Rainey* 4.The Grade 12 Dance class performing a traditional dance from St. Maarten, celebrating emancipation 5. What's Cooking?

Do you like to cook or eat? Well, if you do, this is the page you should be reading! This page is all about the love for cooking, and the person who wants to be a chef some day.

In cooking class, the teachers help the students in many ways, physically and mentally. They have trained the students to realize how important cooking is, and that it is not so easy to cook. Through the training that I learned in cooking class, I was able to cook things much better than I did before. Hema Bridgemohan was also a student in the class. She says "I am a much better cook, and I enjoy it much more."

For some people, the real nightmare of cooking class is to clean up after themselves, when they have finished with the pans or those big pots. "After cooking, the most hated part is cleaning the heavy pots and the greasy pans, says Faiza Muse.

The Westview Yearbook would like to congratulate this year's Students Council Executive for all their hard work. They were extremely committed to their jobs, organizing FOUR dress down days, TWO Spirit Weeks, and TWO dances. That's over TWICE as many events as usual! Not only that, but they were all involved in several other clubs and groups in the school. We will miss you!

Ms. Gillespie-Mandel

Another year over, another yearbook in your hands. It seems like yesterday that you were just starting Grade 9 (or maybe it seems like another lifetime!). It's hard to put a price on memories, but we hope that this yearbook will be grow *more* valuable to you as the years go by, when you look back and you find that you want to remember...

We wish to thank everyone who worked on the 2007-2008 edition of the Westview Yearbook, including those who provided moral support and consultation. Ms. Gillespie-Mandel would especially like to thank the yearbook class for their encouragement and positive attitude while we struggled with technical difficulties!

Thank you to all the volunteers who offered their time and talent in design, photography and general help, and thanks as always to our Friesen's representatives, Brent Bourne and Joan Muehling, for truly excellent customer service and support.
